

MEDIZINISCHE FAKULTÄT
UNIVERSITÄTSKLINIKUM
MAGDEBURG A.Ö.R.

Lecture series MGK854 & EKFK 2016 / 2017

Lectures are 4-week at **Tuesdays, 11:00–12:30 h** (IMKI, Leipziger Str. 44, H 26, seminar room 1st floor). The lectures will be in English, if not stated otherwise (*); last approx. 60 min and are followed by ca. 30 min discussion. For questions please contact anne.teller@med.ovgu.de.

Date	Lecturer	Title of lecture
2016		
11.10.2016	Dr. Priya Sakthivel (HZI)	Co-stimulatory and co-inhibitory molecules in health and disease
08.11.2016	Prof. Dr. Ana Zenclussen (EXGYN)	How uterine innate immune cells prepare the uterus for implantation
06.12.2016	Prof. Dr. Anne Dudeck (IMKI)	Mast cells: sentinel innate immune cells with diverse roles from allergy
2017		
10.01.2017	Dr. Ulrich Thomas (LIN)	Aspects of epigenetic regulation
07.02.2017	Prof. Dr. Thomas Schüler (IMKI)	Cytokines and memory T cells
07.03.2017	Prof. Dr. Ingo Schmitz (IMKI/HZI)	Different forms of cell death and how to detect them
04.04.2017	Prof. Dr. Berend Isermann (IKCP)	Regulation of adaptive immune response by coagulation proteases
02.05.2017	Dr. Stefanie Kliche (IMKI)	The actin cytoskeleton and immune cells
30.05.2017	PD Dr. Luca Simeoni (IMKI)	Molecular mechanisms of T-cell development
27.06.2017	Prof. Dr. Lothar Jänsch (HZI)	New Insights into Immunological Synapsis
